SHACHAK SHPINDLER

Graphic & UI/UX Designer

John Bryce graduate in UI/UX Design.

Creative graphic designer with experience as a company's sole graphic designer: designing catalogs, setting up and managing social media pages, and building a company website (WIX.COM), while keeping quality high and meeting deadlines.

Professional approach, patience, and the ability to work independently with clients. Organized and thorough.

Always eager to expand my design skills and to join a professional design team.

High-level English (spoken and written).

Portfolio

EXPERIENCE

- **Graphic Designer + Social Media + Website Designer**

  כהן פור ש.א בע"מ – "IMPACT"

  Sole graphic designer at a company that imports and distributes hardware, tools and building materials.
  - Designing multi-page catalogs from A to Z, plus promo pages every month and every sales season.
  - Sole manager of the social-media pages (Instagram, TikTok, Facebook) – daily posts, entirely from scratch, after careful planning.
  - Built and managed the company website (on WIX.COM).

- **Graphic Designer**

  M-גרף שילוט ש.ל.ג בע"מ – a print shop specializing in storefront and outdoor signage

  Signage, vinyl stickers, business cards, flyers, posters, aluminum-composite signs (Alucobond), magnets, roll-ups, invitations, receipt books and rubber stamps, closing files for print.

- **Freelance Design**

  Custom designs for private clients on request, such as school emblems, T-shirts for group trips, a military unit emblem, a conference roll-up, and more.

PROJECTS

- **Banana in a Pita** 2026 • in development

  An app that finds a recipe from what you already have at home. User research, personas and customer journey maps, UX specification, screen design and a Design System in Figma. Final course project.
  Live version: shachak-shpindler.github.io/bananabepita

- **Accessibility Audit (WCAG 2.2)** 2026

  Audit of a real, live e-commerce website (a plant nursery) against the WCAG 2.2 standard, as part of the course: 5 screens, 13 defects found. Tools: WAVE, axe DevTools, Lighthouse, NVDA.

EDUCATION

- **John Bryce Training** 2026

  UI/UX Design with a specialization in AI Product Design
  250 study hours

- **Tafnit College (Peer group)** 2023 – 2024

  Graphic design & visual communication course ("Graphic Operator"), 314 hours
  Government vocational certificate, Ministry of Labor and Welfare

*** Full Israeli matriculation certificate (Bagrut, 31 units)**
